

Smartrac

December 2022

## Products: All Passive RFID HF & LF products

We, Avery Dennison Smartrac declare under our own responsibility that the passive RFID HF & LF products are in conformity with UK legislation:

Radio Equipment Regulations 2017

The Ecodesign for Energy-Related Products Regulations 2010

The Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment Regulations 2012

**Designated standard(s):** or Products are designed and manufactured with application of the harmonized standard(s):

EN 300 330 V2.1.1 (February 2017)

The applied conformity assessment procedure is carried out according to Article 41(4) and Schedule3 of the Radio Equipment Regulations 2017.

Signed for and on behalf of Avery Dennison Smartrac

Juha Virtanen  
Senior Director, Global R&D

### Disclaimer

This product information contained in this letter reflects the current specifications as of the date shown. This technical information is for guidance only and is subject to change. This information applies to products supplied directly by Avery Dennison Smartrac. Avery Dennison Smartrac makes no guarantee of results and assumes no obligation or liability whatsoever in connection with the information provided in this letter. Avery Dennison Smartrac recommends that the customer conduct qualification testing before printing, converting, or applying any product, and all Avery Dennison Smartrac products are sold with the understanding that our customer has independently determined the suitability of such products for its purposes. If the product(s) listed in this letter undergo further processing by our customers, our customers are then responsible for assuring that the further worked material complies with all applicable requirements for their own application. All Avery Dennison Smartrac statements, technical information and recommendations, including those in this letter, are based on tests believed to be reliable but do not constitute a guarantee or warranty.
